Winter Energy Saving Resources

Put a cap on your energy use by following simple tips that can wrap up some great savings. Get started at GoAmbit.com/WinterResourceGuide.

If either Ambit Surge Protection or AC/Heat Shield plans are sixty days past due, both will be cancelled. Partial bill payments may not be applied to the Home Services amount due. For billing questions, please contact Ambit Customer Care. Contact Allied Warranty at (866) 791-1200 or go online at www.alliedwarranty.com to make a claim or schedule a service request.

Ambit Energy is required by Section 6.1.1.2 of the Public Utility Commission of Texas Financing Order to provide annual notification to customers regarding transition rate charges. These charges are either included in your rate per kWh, or you may see the charge as an invoice line item named "Transition Charge." Charges shall not exceed amounts required to recover qualified costs for the use or availability of electric services. Notice is hereby given that this transition rate is owned by a Special Purpose Entity and neither by Ambit Energy nor your TDU. For more information please contact your TDU directly: Only these areas are included: AEP Texas Central (877)373-4858 Docket 32475 CenterPoint Energy (800)332-7143 Docket 30485 Oncor (888)313-4747 Docket 25230

Important Messages Continued

A Notice to Ambit Energy Customers serviced by Centerpoint:

Effective December 15, 2020, Centerpoint received approval from the Public Utility Commission of Texas ("PUCT") for changes to transition charges applying to customers in their service territories. The change will result in the new rates listed below for the Centerpoint Delivery Charges-per kWh, based on your rate class. Residential: TDU Delivery Charges: \$0.042723 or Delivery Rate Increase: \$0.011480; Secondary <=10 kW: \$0.028344; Secondary > 10 kW: \$0.002864.

Why does my bill have prorated charges?

Your bill may have prorated charges if you have recently changed your rate plan, or if you are on a variable price plan, a rate change may occur during your billing cycle.

What is an Average Price?

Each month, your bill will show the average price you paid for electricity. The average amount is calculated by adding your energy charges plus any recurring monthly fees from either Ambit or your delivery provider and dividing by your total kilowatt hours (kWh) used that month.
